d. Enclosed is a copy of the new organizational chart (with sub-sections only omitted). The airman who drew it up remarked about the oddity of box No. 5, "Special Training Detachment". For your information, the C. O. is planning to change office space, setting Dr. [REDACTED] up in what is now headquarters and moving headquarters to the present Survival Training section; it appears that he expects Dr. [REDACTED] to remain.
